

ALL COWBOY & ARENA CHAMPIONS

HALL OF FAME

Joyce Curtis

After High School Graduation Joyce enlisted in the United States Air Force, where she spent 25 years serving our great country. She was stationed in Spain in 1979 where she started her rodeo career in the Armed forces Rodeo Association.

The only horse she could find to train came from the bull pens... not the best place to get a horse for barrel racing.

She returned state side in "82", spent some time in Seattle before transferring to Oklahoma City in 1987. Joyce moved to Reno, NV in 1989 where, when not on duty, she started training

her own horses for barrel racing.

After retiring for the service she entered the National Senior Pro Rodeo Association with her horse Harley. Within 2 years they teamed up to win the Longhorn Circuit Barrel Racing Championship in 2003.

Joyce now raises bucking bulls on her ranch in Alvarado, TX.
