Past National Assistant Director of the Professional Women's Rodeo Association (Instrumental in helping follow suit with the PRCA in the division of team ropers forming the split of money and points individually into headers and heelers for qualifications to the WNFR)

Past President of the Women's Professional Rodeo Association' Wyo-

Braska Chapter (producing the Year End Awards and Chapter Finals along with the Hi-Plains Barrel Futurity)

Currently back competing with wins in the future at the World Series Team Roping after over coming stage 3 ovarian cancer and being survivor of BRACA2 gene with recent double mastectomy. I believe my 1st All-Around win was in 1972 at eight years old. Won the barrels poles and flag race. I'm currently 56 and plan to ride and rope forever. In the arena I would say the Rope the Rockies win roping against men and women ropers numbered more than twice mine or more was my proudest singular competition moment. After my dad died, I did not rope or compete for almost a decade in the early 80's up to the near 90's until after marrying Jim. I entered an all-girl at the Spratt's in Lysite, Wyoming and won the breakaway roping - I never knew how much I missed it. From then on it has been my solace taking time out again only so that my children were prioritized in their endeavors. I have been blessed by so many as a direct result of the rodeo world. I thank God for making me a cowgirl.
