50 Years in Rodeo

I grew up milking cows before and after school, started riding steers at 8 years old, at 12 I was watching Mutt Neuman fighting bulls that's when I knew I wanted to. I started riding senior bulls at 14 years old had at small rodeo on weekends. At 16 I started fighting bulls and helping with the comedy acts. From there I started traveling all over fighting bulls doing comedy and entertaining getting in the barrel

staying gone most of the the time.

In 1980 I needed one more signature to get my RCA card, when I had a bull knock me through the air and landed on my butt. That jarred my lower disc and wrapped the liters that work my legs around it paralyzing my legs after surgery went to therapy for a year and a half, that knocked my bullfighting out so I started building my acts up and doing comedy.

I traveled all over Texas Louisiana Mississippi Arkansas Oklahoma Michigan Pennsylvania Ohio Indiana and others. I have worked the Arkansas prison rodeo in 1976 and the Louisiana prison rodeo I think in 1973.

This is 50 years as a bullfighter barrel man doing comedy and entertaining.
