HALL OF FAME

I fell in love with rodeo at 14. I tried bullriding but lacked talent. Friend suggested clowning as the Lord gifted me with speed and quickness.

I clowning any job for two years gaining experience and knowledge. Bubba Goodeau and Roger Langford recommended Skipper Voss and I work a few shows together. That is when success began. We worked for Sloan Williams until he sold out in

1972. During this time Skipper and I were voted to work 1971 and 1972 Southwestern Rodeo Finals. Skipper went RCA in 1973 and I remained amateur. In 1973 Texas Rodeo Association of Bullriders voted me to work their Finals.

In 1974 I got my RCA card and worked Tommy and Bobby Steiner with Skipper. Continued to work for Steiners in 1975 and retired year end due to commitments. I regret that to this day.

Had a working relationship with Mr. Sloan Williams and Mr. Mike Cervi bucking rodeo prospects; that we did for years.

I have given all my rodeo life in and out of

the arena. I have been blessed to have many rodeo friends and I treasure that. I have served on numerous committees from youth through high school.

I will represent this association in a professional manner with pride and dignity.

Thank you for your consideration.
